Description

Kuravilangad is a hot spot, the place of pilgrim Catholic church. Also International Science Center by Central Govt. in almost 50 acres is due to open there soon. You get a lot to read about Kuravilangad, a Catholic hub. My plot is just 2 Kms. from the church, it is on Main Central (M.C) Road, the backbone of Kerala's traffic route. It is a level plot slightly above road level. Very close to Palai – 19 Kms, 22 Minutes as you could verify. From Ernakulam, Kuravilangad is 48 Kms / 57 Minutes. The place is most ideal for a Star Hotel with its location and being on a short cut bye pass to M.C Road. Right now rubber plantation is there, but yet to start tapping. Owner is in Mumbai and kids settled in States. House shown is their ancestral house, outside the plot limits. If you think it is a worth proposal, and you would like to invest, please feel free to contact me on 9995993840, tonsabraham@gmail.com.
